Apply: Please submit a resume and cover letter to careers@moltexenergy.com and indicate the job title in the subject line.

Responsibilities

The successful candidate will assume an apprentice-like role in contributing to the design of Moltex's Stable Salt Reactor – Wasteburner (SSR-W) and WASTE To Stable Salt (WATSS) facility (60%) as well as supporting new and ongoing Indigenous relations activities (40%). The candidate will:

- Display a keen interest and willingness to learn about nuclear energy, specifically Small Modular Reactors (SMRs)
- Foster new relationships and build trust with Indigenous communities and their leaders
- Produce written communications (letters, articles, reports, etc.) to support Indigenous engagement activities
- Research, prepare and deliver oral presentations on strategic issues
- Assist with maintenance of Indigenous engagement governing documents and programs
- Monitor the landscape and emerging trends related to Indigenous peoples at the local and regional level to inform activities and strategic plans
- Support Indigenous groups with ongoing initiatives and special projects
- Maintain detailed records of Indigenous engagement activities

Skills, qualifications & experience

- University degree in a technical discipline (engineering, chemistry, physics, etc.)
- 1-2 years of relevant technical experience
- Excellent analytical, critical thinking and problem-solving skills
- Excellent communication, written and oral, and presentation skills
- Understanding of Indigenous engagement across a project lifecycle
- Working knowledge of Indigenous cultures, histories, and rights across communities
- Familiarity with UNDRIP, the Indian Act, ILO 169, and other relevant initiatives
- Strong working knowledge of Microsoft Office Suite and SharePoint
- Ability to work independently and in a team environment
- Fluency in English is essential; bilingualism is an asset
